by one of the most renowned and successful as well as reliable Opticians in the U. S. Mr. Hawkes has the modern appliances for scientific adjustment of glasses to the eye. There is no Optician in the U. S. who enjoys the confidence of the people more than Mr. Hawkes. His name is a familiar word throughout a section of country inhabited by over twenty-five millions of people. Mr. Hawkes has probably adjusted glasses to the eyes of more people of national and international fame than any other optician living. This firm was established in 1870.

is often the cause of headache, dizziness, nervousness and dimness of vision. This can be cured in many cases by the correct fitting of his Crystallized lenses to the eye. Call early, he positively remains but **FIVE** days, as he has other engagements for later dates.

CAUTION.—I would caution the public against buying spectacles from peddlers, going from house to house with a lot of spectacles, representing them to be Hawkes' or selling the same grade of goods. Hawkes' spectacles are NEVER peddled. Many of the inferior glasses that flood the country are positively injurious to the eye.

From Ex-President of U. S., Grover Cleveland.

GROVER CLEVELAND.

The Great Warrior and Statesman.
Mr. A. K. Hawkes—Dear Sir: When I require the use of glasses I wear your pantoscopic Crystallized Lenses. In respect to brilliancy and clearness of vision, they are superior to any glasses I have ever used. Respectfully,

One of Our Greatest Statesmen.
Mr. A. K. Hawkes—Dear Sir: The pantoscopic glasses you furnished me some time since have given me perfect satisfaction. I have tested them by use, and must say they are unsurpassed in clearness and brilliancy by any that I have ever worn. Respectfully,
